Neurology: A Queen Square Textbook

The sixth edition is now in press. His particular clinical and personal interests are degenerative dementias and cognitive neurology.

Neurology: A Queen Square Textbook

Neurology: A Queen Square Textbook, second edition, is a fully revised and updated companion that demonstrates the rapid pace of advancement within clinical neurology and applied neurosciences. A comprehensive and practical overview of current developments within clinical neurology, synthesising clinical neurology with translational research. Expertly edited and written by neurologists, neuroscientists and neurosurgeons working at Queen Square, advised by an distinguished International Editor team to present a global perspective. Introductory chapters summarise the basic sciences underpinning the practice of clinical neurology, including genetics, channelopathies, immunology, neurophysiology and neuropathology. All chapters fully revised and updated to reflect the increasing role of neurologists in acute care. Includes new contributions concerning major developments in the care of: stroke, epilepsy, dementia, Parkinson's disease, multiple sclerosis, neuromuscular disease, headache, infections, spinal disease, cranial nerve disease, neuropsychiatry, neurogenetics, neuro-oncology, uroneurology, neuro-otology, neuro-ophthalmology, pain medicine, sleep medicine, metabolic disease, drugs and toxins, autonomic disease, systemic disease, and neurorehabilitation for dementia, epilepsy, headaches, neuro-genetics and many more. He has been closely involved in the book, written originally by consultants at St Bartholomew's Hospital, since the first edition in 1987. Dr Robin Howard has been consultant neurologist at the National Hospital and St Thomas' Hospital since 1992.

Neurology: A Queen Square Textbook

Professor Martin Rossor has been in consultant practice since 1986. He has published over 250 peer reviewed articles and 100 chapters and books. .

Neurology: A Queen Square Textbook 2nd Edition

He has a large general neurology NHS practice and is consultant to three neurological intensive care units as well as directing clinical services for patients with motor neurone disease, myasthenia gravis and sleep disorders.

Neurology on Apple Books

He is the author of Neurological Diseases in Clinical Medicine editors: Parveen Kumar and Michael Clark; publishers: Elsevier.

Neurology: A Queen Square Textbook

He was previously Medical Director of the National Society for Epilepsy, the leading UK charity in the field of epilepsy and Chairman of the University Department of Neurology in UCL. Professor Simon Shorvon was appointed consultant neurologist at the National Hospital in 1983. His special interests are in epilepsy, imaging and epidemiology.
