### What's the Difference Between 'Britain' and 'England'? A Brief History of England

In 1707, the Act of Union joined the Scottish and the English Parliaments thus creating the single Kingdom of Great Britain and centralising political power in.

### A short history of Great Britain

The Restoration period sees some response to the puritanical age, especially in the theater.

### United Kingdom

So a single united England was created.

### A short history of Great Britain

Scotland, ruled from London since 1603, formally was joined with England and Wales in 1707 to form the United Kingdom of Great Britain. The measure did not work and only caused resentment among the peasants. Many campaigners argued that the infliction of pain was interpreted as corrupting and uncivilised, and that the death penalty did not allow for the redemption of the criminal.

### A Brief Political History Of The United Kingdom

Tin and copper were exported from Britain along with animal hides. He entered his mother's bedroom and arrested her lover Mortimer. Another notable fact of George III's reign was the start of the Industrial Revolution, with James Watt's famous steam engine and the mechanisation of the manufacturing industry transforming the face of England to this day.
