## Applied Micro Circuits Corporation

While STMicroelectronics corporate headquarters and the headquarters for region are based in Geneva, the holding company, STMicroelectronics N.

## AME

Insulation is produced by creating around the element an area of semiconductor material with the opposite type of conductivity thereby forming an insulating p-n junction or a layer of a dielectric, such as silicon dioxide.

## • Applied Microelectronics • Halifax • Nova Scotia •

Consequently, complicated precision equipment, such as coordinatographs with computer program control to draw the original pattern magnified hundreds of times and photographic dies of various designs to reduce and duplicate the original pattern, is used in the design and production of phototemplates.
