There are maps of who works with whom in biotechnology. Studies 1 and 2 examined the content of nostalgic experiences.

Social pressures in informal groups : a study of human factors in housing : Festinger, Leon, 1919

We thank Robert Bies and three insightful anonymous reviewers for their guidance. . I calculated better readability statistics than you report; more importantly it was an easy, enjoyable, informative, well structured, well expressed read which stuck to its topic.

Social Pressures in Informal Groups: A Study of Human Factors in Housing by Leon Festinger

We found evidence that the preference for outsider knowledge is the result of managerial responses to 1 the contrasting status implications of learning from internal versus external competitors, and 2 the availability or scarcity of knowledge—internal knowledge is more readily available and hence subject to greater scrutiny, while external knowledge is more scarce, which makes it appear more special and unique.

Social pressures in informal groups; a study of human factors in housing (Book, 1950) [mikhmon.us.to]

Physica A, 387, 5317 -5325. Over the duration of the night, each participant was introduced to the author of the letter who was actually a confederate.
