Helping children to manage their asthma

To each answer, 1, 2 or 3 points were assigned, so that a higher score indicates a stronger tendency.

Asthma and its impact on the everyday lives of chil...

Asthma and body weight change: a 20-year prospective community study of young adults. Yet hospital admission for asthma is highest amongst South Asians, which suggests there is a need to target this group in primary care^{9,10}.

Transfer of asthma management responsibility from parents to their school

Rabe KF, Adachi M, Lai CK, Soriano JB, Vermeire PA, Weiss KB, Weiss ST: Worldwide severity and control of asthma in children and adults: the global asthma insights and reality surveys. Biological therapy for asthma A new class of drugs, called biologics, may help target certain cellular substances that promote inflammation during asthma attacks. Fleming ML, Barner JC, Brown CM, Shepherd MD, Strassels S, Novak S.

Psychological and lifestyle risk factors for asthma exacerbations and morbidity in children

Impact of education for physicians on patient outcomes.

Psychological and lifestyle risk factors for asthma exacerbations and morbidity in children

All mothers and children were aware that the data would be used in research publications and that the anonymity of the participants would be strictly preserved. So in general, reliever inhalers are blue and preventer inhalers are brown.
