### Create a Graph Classic

. Histogram - Worked Example You have been given a list of ages in years, and you need to show them in a graph.

### Create a Graph Classic

What is the shortest chain of connections between this item and this other item? Usually the axes of a graph are labelled to indicate the type of data they show.

### Create a Graph Classic

Whether you want to brush up on your basics, or help your children with their learning, this is the book for you.

### Create a Graph Classic

Cartesian Graphs Cartesian graphs are what mathematicians really mean when they talk about graphs. The table below illustrates the diversity of applications that involve graph processing.

### Graphs

The total sales in the year must have to have occurred in one quarter or another.

### Create a Graph Classic

. . The categories need to be independent, that is changes in one of them do not affect the others.

### Create a Graph Classic

. These are widely used in mathematics, and particularly in.
