2016 Census Topic: Population and dwelling counts

In areas enumerated using the traditional non mail-out approach, the topic was collected for each dwelling by ABS Field Officers when delivering forms. Where a structure was unable to be assigned dwelling structure remained not stated. Appendix D see Selected Appendixes report at presents a facsimile of the questionnaire pages used to collect the data included in this report.

2016 Census Topic: Population and dwelling counts

Specific residence situations are included with the criteria to illustrate how the criteria are applied. The Census Inquiry Service did not record dwelling structure and therefore it was left as a not stated response.

2900.0

Later in 2018, the Census Bureau will provide the full text of each comment submission letter or email.

2900.0

This is similar to the imputation process applied for the 2011 Census.

Summary Population and Housing Characteristics: 2010

Variable history Some information on the structure of private dwellings has been collected for all censuses since 1911, though the specific types of classification used have varied significantly between censuses.
