Key Concepts in Conversation Analysis

I also have extensive experience with training, evaluating, and monitoring staff who work with these populations, and I have conducted research with and adapted curricula for high-poverty populations.

Talking Together

Her approach to therapy is a whole child approach and she tries to integrate goals in other areas such as occupational including sensory , physical, and behavioral therapies, into her sessions. Since then she has worked in a variety of settings including early intervention, private practice, inclusive and therapeutic preschools, and home health. Another exciting comment was from a researcher a couple of years ago.
