Equitable access

Since devices like tablets are already mainstream, it can also feel more normal for students to use a tablet. These tools are really making a difference. All documents created with this module can be saved as a PDF file or printed.

General Dynamics Information Technology hiring Special Access Program (SAP) Cyber Security Subject Matter Expert (SME) in Washington, District of Columbia, United States

All students want to use them.

How Access to Technology Can Create Equity in Schools

Web-Based Service For Distance Learning Due to some forms of disabilities, students with special needs can face issues associated with moving over long distances. The plan behind Clipper was to have all encryption systems retain a copy of keys necessary to decrypt information entrusted to a third party who would turn over the keys to law enforcement on proper legal authorization.

Assistive Technology for Special Education Students

Chat rooms for up to five users allow reading lectures for small groups of students. When you sign in with LinkedIn, you are granting elearningindustry. The in Great Falls, Mont.
