The Greek named the flower amarantos, the unfading, helikhryson, turning gold, and khrysokomê, the golden-haired. One thing is clear, though: He was already a confident artist, writing and performing his own music.

Understory

The seed grow is right. In this story it talks about the many stages of plants and how seeds come to be. Then the car skidded off the road, sailed over a ledge, and landed in a tree.

The lucky seed
