Sustainable Development Summit:

‘We must step up our efforts

III: Financing and Invisibles 73. The number of countries involved in the campaign rose to 60 in 2019, and the issue was front-and-centre at the United Nations Environment Assembly, where Member States adopted a resolution to significantly reduce single-use plastic products by 2030.

Decade of action

This first meeting will offer a crucial opportunity to co-design mission-oriented research strategies in support of the Decade expected societal outcomes, taking advantage of cross-cutting supporting developments such as transforming knowledge systems; accelerating transfer of technology; enabling training and education; and fostering science-policy dialogues. Generation Equality stands poised to be part of the transformation that will direct change that is both concrete and scalable, and will address the key challenges, some of which are raised by this report. Nature is the most effective and cost-efficient solution to many of the challenges we face.

United Nations Decade of Ocean Science for Sustainable Development (2021

Transforming UNEP into the best that we can be will be one of my top priorities going forward. Lead by the Danish Center for Marine Research, the Task Force has organised a series of virtual working group meetings around the Ocean Decade seven societal outcomes and will hold an online consultation on the first version of the Arctic Ocean Action Plan March 2021.

UN E

The designation of geographical entities in this report, and the presentation of material herein, do not imply the expression of any opinion whatsoever on the part of the publisher or the participating organizations concerning the legal status of any country, territory or area, or of its authorities, or concerning the delimitation of its frontiers or boundaries.

Water Action Decade

In 2019, we also pursued our own sustainability efforts and continued to measure our climate emissions, mitigate these where possible and offset them by using certificates of emission reduction. At the same time, I started a dialogue with UNDP and I look forward to reviewing and strengthening our engagement with other entities across the United Nations system.

UNSDG

The Sustainable Development Goals are a first in human history—a global compact to create a future where nobody is left behind.

Decade of action

In parallel, we have started to look at our organizational focus to ensure we are effectively addressing the most urgent environmental challenges.

2023 UN Water Decade Conference ∴ Sustainable Development Knowledge Platform

By December 2019, the Centre, co-hosted by UNEP and the United Nations Industrial Development Organization, had provided 188 technology solutions to 100 developing countries. The , one of the during the opening week of the 74th session of the UN General Assembly, will allow leaders from government, business and other sectors to identify specific actions on the road to 2030.
