Six key transfer pricing considerations for multinational companies

No matter if we consider a wealthy, emerging or poor country nobody wants suffering from its tax base because of

For and Against: is transfer pricing still applicable?

In response, politicians and the media have put pressure on tax authorities to move towards something that is, in their view, simpler, clearer and fairer.

A glance at the Kenyan Transfer pricing requirements for Multinationals

Extensive documentation is often required by auditors and regulators.

Examining the role of transfer pricing as a strategy for multinational firms

It is a crucial part of taxation strategies, not just for the company but also for the country it operates in. However, the compliance costs for multinationals associated with addressing the complexities of Pillar One will exceed any savings gained from such measures. For example, a transfer pricing analysis which aims to meet the second obligation mentioned above can span more than 100 pages! Hence, hubs and havens will likely be most significantly impacted.
