## Australia Laws And Rules

Such pension or retiring allowance shall be paid to him by the Commonwealth; but the State shall pay to the Commonwealth a part thereof, to be calculated on the proportion which his term of service with the State bears to his whole term of service, and for the purpose of the calculation his salary shall be taken to be that paid to him by the State at the time of the transfer. A bill to amend the Constitution shall be adopted by the Sejm by a majority of at least two-thirds of votes in the presence of at least half of the statutory number of Deputies, and by the Senate by an absolute majority of votes in the presence of at least half of the statutory number of Senators. The President of the Republic shall sign the statute within 21 days of its submission and order its promulgation in the Journal of Laws of the Republic of Poland Dziennik Ustaw.

## The Australian Constitutional System

Full-text of the book, now out of print. In 1921, the Supreme Court affirmed that Congress—if it so desires—could provide a deadline for ratification. However, changes to courses and programs may occur.

## Constitutional Law Fact Sheets

The Head of State Q: Who is the Australian Head of State? If the Assembly readopts, by a two-thirds majority of the total number of members, the law sent back by the President of the Republic without any amendment, the President of the Republic may submit the law to referendum. But no exception or regulation prescribed by the Parliament shall prevent the High Court from hearing and determining any appeal from the Supreme Court of a State in any matter in which at the establishment of the Commonwealth an appeal lies from such Supreme Court to the Queen in Council.

## The Constitution

The mere fact that they would potentially be used at war was not enough to bring them under the defence power. As a result, the constitution is no longer read in a way which attempts to preserve the power of the states. The manner in which constitutional amendments are finally recorded takes two main forms.
