The Companion to Latin American Studies

Journal of Iberian and Latin American Research Swanson and his cohorts have certainly added more grist to the mill with this informative and provocative collection of essays. As a result the volume reflects the range of Latin literature commonly taught in universities, from the Early Republic to the High Empire, perhaps regrettably reinforcing the canonical status of this period.

The Companion to Latin American Studies by Philip Swanson

This is a valuable resource for instructors at any level. A searchable CD-ROM of the Latin texts of the extensive Bibliotheca Teubneriana is available commercially from its publisher ; likewise the Packard Humanities Institute CD-ROM of Latin literature for the period covered by this volume, the beginnings to A D 200 see , e-mail. This fascination with Latin literature continues a major strand in English Victorian writers Vance 1997 , and of course an influence that has been strongly felt in many earlier aspects of Western culture cf.

The Companion to Latin American Studies

The dust jacket for hard covers may not be included.

Companion to neo

Conte 1986 and 1994a; Hardie 1993; Henderson 1998a and 1999; Fowler 2000. This book is highly useful: well written, with a clear exposition of ideas, it should provide an ideal course book for students and a resource book for lecturers. He is the author of *Theatrum Arbitri*: Theatrical Elements in the *Satyricon* of Petronius Brill, 1995 , and of annotated translations into Modern Greek of Publilius Syrus, and of selected plays of Plautus, and Terence.

Latin Studies Companion Collection (4 vols.)

The chronological scope of the book does not imply a derogatory exclusion or lower valuing of post-200 Latin literature, whether pagan or Christian, and I greatly admire literary histories of Rome such as that of Conte 1994b , which cover all Latin literature up to the Carolingian period.

Companion to Neo

The Companion to Latin American Studies : Philip Swanson : 9780340806821

Along with this classic text, these editions navigate its complexities and elucidate the stylistic and interpretive issues that enhance and sustain appreciation of the Aeneid.
