Ayat al

According to the colophon f. الكشف في علم الحرف : ويليه اصول علم الحرف وضوابط الافاق للحكيم سقراط The Unveiling of the knowledge of the Letter s : regarding the bases of the science of the Letter s and the computations of the Horizons for Ḥakīm Suqrāt.

Muḥyī al

For example, the rule about the obligation of can be deduced from the verses of the Qur'an, but the number of its rak'as, its foundational elements and the dhikrs to be recited in them are mentioned in hadiths. Kitāb al-uṣūl wa'l-ḍawābiṭ Book of the Fundamentals of the. The first work about the verses of rulings was written by Muhammad b.

About the topics of the verses of ruling, it is also said that with a brief review of the topics and issues mentioned in Ayat al-ahkam and Fiqh al-Qur'an books, it can be understood that these topics are those which have been mentioned and discussed in the science of jurisprudence and jurisprudential works; topics including , , , , and. However, if someone wants to delve into this art and acquire what satiates his thirst, he should study 'al-Ma‘ūnah'. The style and vocabulary of a number of the Arabic writings of the Bāb furthermore, is sometimes reminiscent of the theological density of al-Būnī.
