Sexual Orientation Wage Gaps across Local Labour ...

Delayed reproduction: The difference between a woman's actual age at the birth of her first child and the average maternal age for all first-time births. Although many seniors report that their lives are more satisfying than ever, and their self-esteem is stronger than when they were young, they are still subject to cultural attitudes that make them feel invisible and devalued.

Hypertension, 51 4 , 1142-1148.

National follow

Materials for this collection provided by:. According to the guiding principle of critical sociology, the imbalance of power and access to resources between groups is an issue of social justice that needs to be addressed. Gay men were more likely than heterosexual men to work in management occupations in all areas except Montreal.

Married female labor force participation and suicide in Canada, 1971 and 1981

Ottawa, ON: Business and Labour Analysis Division, Statistics Canada.
