Choosing the Right Rope for Your Sailboat

Mediterranean Marin Atlantic Matelot Atlantic In Venice this was the lower level of seamen, below marinari and above mozzi. They may be used as stops for furling sails, for slings around gait or spars for hoisting and in a variety of other places which will suggest themselves to the young sailor.

The Rigging of a Sailing Ship

To use a piece of Brit slang, the end seemed bodged on.

Sailing Terms

Great for tow rope as polypropylene floats on the water. Like Technora, Vectran is among the strongest core materials available.

Knowing The Ropes A Sailor's Guide to Selecting, Rigging and Handling Lines Aboard

Below you will find a detailed list on how to choose the best marine rope for anchoring, docking or towing.
