Movie

I thought Aya Hirano was exceptional as the psychotic Miu and I think it might be the best pure acting performance of her career.

In This Corner of the World

But this story shows that even in the verge of our depression, there is still hope and people who are willing to support us. Despite all that the story is still rather enjoyable and is definitely not the worst you'll see.

Movie

Each storyline involves Konoha Inoue who is not the main character; serving to confuse things even further and, ten points to Gryffindor, a girl. Sadly, the story is anything but. One of the characters, Suzume, gets her own little side-story early on which I thought had no relevance to the main plot.

In This Corner of the World

Overall 3 Story 1 Animation 7 Sound 7 Character 1 Enjoyment 5 Bungaku Shoujo Book Girl is a rather meandering tale about no particular character in general. Touko Amano has the knowledge of a library being able to guide people in desperate need. In addition the dialogue at times is incredibly silly and pompous.

He owned a family business to cultivate and trade seaweeds but later became a factory worker. In spite of the food shortage, Suzu made efforts to

get over the hard conditions during the wartime and also to prepare to mitigate the bombing damage. The OSTs, if you haven't heard -- go to Youtube, sounds like a lullaby or some charming instrumental songs.

Sora wo Miageru Shoujo no Hitomi ni Utsuru Sekai

Backgrounds are detailed, designs are fitting, both for the environments and for characters. However the last few episodes which were mostly new material looked quite stunning.

It is a shame since the story could've felt so much more complete if better explained, and why is it only 9 episodes? I was really pleased with this soundtrack and it really made the show much more enjoyable. Yes she literally eats books. .
