Prove Evolution Is False

Cindy had come to the surface, thrashing and submerging again. Since he cannot get out of the materialistic quagmire in which he is stuck, he depicts a passive human being who has no mind, will and freedom, who cannot build himself, and who is only a prisoner of his biological equipment. The mirror forms functional images on both retinas, which appear to be specialized for different functions.

Evolution : science or ideology? (Book, 2008) [mikhmon.us.to]

Because larvae and adults do not compete with one another for space or resources, more of each can coexist relative to species in which the young and old live in the same places and eat the same things.

Science, evolution, and ideology

Robotics engineers struggle to design robots that can keep their balance or grasp a cup without crushing it.

Is Science or Naturalism an Ideology?

It was a debate — or maybe an interview.

ideology

They thought he was their hero.

Quiz: What Is Your Political Ideology?

But now we know more about evolution, it's time to move on.

ideology

For what's doubly interesting for Cif Belief is that this phenomenon helps explain the clash between evolution and religion. They just didn't know how deep the muck was. But be careful: when the beetles are scared, they flood an internal chamber with a complex cocktail of aromatic chemicals, triggering a cascade of chemical reaction that detonates the fluid and sends it shooting out of the insect's spray nozzle in a machine-gun-like pulse of toxic, scalding-hot vapor.

Science, evolution, and ideology

The furry platypus has a duck-like bill, swims with webbed feet, and lays eggs. An interview with Steven A.
