Still discrepancies would creep in, and deeds which in some localities are imputed to one personage, in others are imputed to another. All this may be possible, but let us consider the circumstances attending such phenomena. T, Roberts, the present engineer of the Gladstone and Timaru Board of Works, who, at my request, has taken the necessary levels and surveyed the cave, the result of his labours being attached to this report.

Some said he should be put on the shore again, but others said he might remain in the canoe, but should have no hook. That day he was going with

his brothers to the woods to spear pigeons.
