How to Make It in the New Music Business by Ari Herstand

As a master, you start to question underlying assumptions you have about production processes. If you live in an area where no one makes music, you can either collaborate with someone over the internet or move. Rather than just post promo after promo, it also pays to connect to your followers on a more personal level.

How Haim wrote 'The Steps': Anatomy of a Song

This includes , , , and more. Definitely a go-to guide for anyone looking to makes sense of the music industry's mind-numbing but essential management, legal and accounting issues that determine the all-important answers as to who gets paid what and when.

Songwriting and Music Production

For a while, I made techno and house, which taught me a lot about groove.

The 5 Stages of an Electronic Music Producer (and How to Progress Effectively Through Them)

Chords and Chord Extensions Chords are the harmonious building blocks of music. The second half is a grueling death march of absolute boredom.
