Sei Shonagon's Things

She gives her opinions on fashions and what colors look good together. In summer, the night -- moonlit nights, of course, but also at the dark of the moon, it's beautiful when fireflies are dancing everywhere in a mazy flight. The one from Tuttle has anachronistic cover art--this book was written around 1000 and the cover shows Edo to early Meiji style woman, perhaps from the 19th century--which raises a question how sound the translation might be.

The Pillow Book of Sei Shōnagon

It's like he translated the most tedious parts and left all the personality out, plus some snide sexist commentary. A wickerwork fish-net in spring

The Pillow Book of Sei Shōnagon

Sei Shonagon is such a study in contrasts. I do not understand how a man can possibly love a girl whom other people, even her own sex, find ugly. But how to stop them? Journal of the Royal Asiatic Society of Great Britain and Ireland Gives all sorts of insights into the court life of the times, and into the worldly character and mentality of its author.

The Pillow Book of Sei Shōnagon

It is also very annoying to find that one has sewn something back to front. As the light creeps over the hills, their outlines are dyed a faint red and wisps of purplish cloud trail over them.

The Pillow Book by Sei Shōnagon

Two women, let alone a man and a woman, who vow themselves to each other forever, and actually manage to remain on good terms to the end. Sei Shonagon tried to comfort Her Highness with her wit, which eventually resul Sei Shonagon is brilliant. She hates lower-class people, especially if dress badly or wear their hair wrong.

Sei Shōnagon Quotes (Author of The Pillow Book)

She was a lady-in-waiting who served ten years in the court of a Heian Empress; A thousand years ago, one evening, a woman picked up her brush, drew it over an inkstone and wrote.... In 1968 he was awarded the degree of D.
