De rerum natura

Compare the godlike discoveries of others in ancient times. Think of translations of Lucretius as offering a set of commentaries on his poem. Sensation by itself is irrational and incapable of memory, but the repeated reception of sense impressions creates in the mind general conceptions of all classes of things.

The translation includes notes to assist the reader who is encountering Lucretius for the first time. Copyright © 2004 Dover Publications, Inc.

Lucretius: On the Nature of Things

It is sweet also to look upon the mighty struggles of armies arrayed in battle without sharing yourself in the danger.

Lucretius, On the Nature of Things, Book 6 (English Text)

Virgil was influenced by his thought as well as by his poetry, and it is tempting to suppose that it was a reading of On the Nature of Things that persuaded him to study under the Epicurean philosopher Siro in Naples.

Lucretius on the nature of things (1910 edition)

For though he may not be noticed by gods and men, he must still be concerned whether his secret will remain concealed forever, since many men frequently talk in their sleep or grow delirious from sicknesses and give themselves away, and, so we are told, publicly reveal their concealed transgressions and wicked deeds.
