He wrote commentaries on De anima, Physics, and possibly Economica. Title page and first 2 leaves torn with substantial text loss. Albeck and Epstein carried on their debate over whether the Mishnah was intended as a code or an anthology, but now that debate has subsided, perhaps because most contemporary scholars have felt that neither Albeck nor Epstein produced a decisive argument for his position.

Nazir

The talmudic tractate in the Soncino edition was translated into English by B. Humans claim that they are superior to animals in every respect.
