Indigo

As we drew near Bonn, we frequently caught, between the trees of the avenue, imperfect, but awakening glimpses of the pointed mountains beyond; contrasted with the solemn grandeur of which was the beauty of a round woody hill, apparently separated from them only by the Rhine and crowned with the spire of a comely convent.

The Grand Tour: Educational Journeys from the 16th to 18th Centuries

The community of travellers was extremely close-knit, and often similarly aged noblemen from connected families were sent on their travels together, or they would join up with other young travellers to form tour groups. Nicholas Freeling is probably best known as the creator of Van Der Valk, a policeman in Amsterdam. The road lies through part of the fortifications, concerning which there can, of course, be no secrecy.

Cole, Robert 2008 A Traveller's History of France. The Dutch language and coins are in circulation here, almost as much as the German. .

The Grand Tour: Educational Journeys from the 16th to 18th Centuries

Our curiosity had no indulgence within the room, which was of the utmost plainness, and that plainness free from any thing, that the most tractable imagination could suppose peculiar to a convent. After the war, which Chavel survives, he can't keep away from his old home, so he goes back,

calling himself Charlot and hoping no-one will recognize him. Arrival at Dieppe--Situation and Appearance of the Town--Costume of the People--Inhabitants of the Suburb of Pollet.

observations made at paris during the by eyre edmund john

In the first half of the 18th century, for example, sons from pietistic noble families made trips to the Netherlands in order to become familiar with the diversity of religious groups and sects there before trying to come into contact with reformed Catholic movements in France, particularly the Jansenists. Henrietta to the south of France, and Leopold and Ray back, eventually, to England.

Alwynne B. Beaudoin

If we follow William of Jumieges, the Chronicle of St. Many of the parishes, of which there are nineteen, paraded with their officers; and the burgesses, who are distributed into eight corps, under a supposition that they could and would defend the city, if it was attacked, presented their captains at the churches.

An attempt by Prince Maurice to surprise it was defeated by the failure of a petard, applied to one of the gates; but it was soon after taken by a regular siege, carried on chiefly from the other side of the river. The herring fishery however was a greater staple; and previously to the revolution, when alone a just estimate could be formed of such matters, the quantity of herrings caught by the boats belonging to Dieppe averaged more than eight thousand lasts a year, and realized above L100,000. A convent, over which an abbess of royal blood had presided, could not fail to enjoy considerable privileges; and it retained them to the period of the revolution.
