## Lévi

Letters and a diary hint at a very tender relationship between KCW and Anne. Li Mirok also trusted this information. Not even a fifth got primary education in 1930, and only an even far smaller, miniscule minority of those who finished the six years of primary school the dropout rate was significant made it to the secondary level.

## 21

And among Koreans it was well known that somewhere around Würzburg there would be a monastery providing Koreans with free meals and accommodation K 2000:44.

## Segye, chibanghwa sidae ũi Han'gukhak in SearchWorks catalog

Placidus Neugirg, whose sister lives in Munich and welcomes him in the train station.

## Lévi

The plan had an excellent potential for initial success because the division of the IV Corps farthest forward, manning the earthworks a mile west of Seven Pines, was that of Brig.

## 21

Han'guk kwa Ilbon ũi saeroun sijak. Reading inspirational books is a valid way of praying. In addition, the current law has restricted the dissolution of associations to the judiciary and experience has shown the lack of efficiency of this style because many of the organizations have come into being in conditions that are different from the conditions in the Syrian Povwrtly State.

## Nak

Koreans who stayed in Central Europe during the time in question is scattered here and there, this knowledge should be collected and linked up

with the overall issue.
