moral

Studies have shown moral injury among law enforcement officers and civilians experiencing community violence 8,9. Morally Injurious Events Most research to understand moral injury has been with military Service members and Veterans, as the nature of war and combat create situations where people may have experiences that contradict the values they live by in civilian life. Each of these novel treatments has trials in progress with Service members or Veterans that will inform whether they are effective in reducing moral injury.

Example: I think the key to being a moral person is thinking about not just your intentions but the consequences of your actions. Lots of things are referred to as good.

Moral Definition & Meaning

Happiness, like pleasure, isn't simply for the moment but rather the search for long-term and personally meaningful happiness. They also may feel guilty about surviving when others are dying or for infecting people with whom they come into contact. Violating ethics has the same consequence as breaking a rule, while violating one's morals results in personal guilt and shame instead of a societal consequence.
