## Encyclopedia of Giftedness, Creativity, and Talent by Barbara A. Kerr

With more than 400 entries, these two volumes review research findings on giftedness, talent, and creativity and their effect on education, training, science and the arts, government policy, and everyday life. The nature of intelligence, the sources of innovation, and the ways to nurture special abilities are now topics of great interest to scholars in a wide variety of disciplines and to the general public. She has been on the editorial boards of the leading journals in her field and served as the Associate Director of the Belen Blank National Center for Gifted Education.
