### **Eupholus bennetti**

Most species feed upon yam leaves, some of which are toxic to other animals.

### **Euoplocephalus**

. The study of extensive material of museums and private collections also allowed the building of the first distribution maps.

### **Eupholus schoenherrii**

The species include some of the most colourful of the weevils.

### **Eupholus weevil**

Choose a day when there is no wind to control the spray from contacting the grass below the shrub. There are many types of euonymus Euonymus spp. The genus includes some of the most colourful of the weevils.
