## Vampire Junction (2001)

Like Saint Germain, he is not evil, but the vampires he makes are. Meanwhile, Stephen Miles, who knows Carla, returns to the Gods of Chaos, a cult that long ago encountered Timmy and are dead set on finding a way to get to him and kill him once and for all. The writing was too confusing.

## Vampire Junction

The voice is actually a tape recording of a man called Spencer summoning Alice Romay , a reporter, to Shit City, the fictitious Benidorm-approximating meta-town fabled in 1983's Blues of Pop Street. Also like Saint Germain, Timmy and some of those who he is surrounded by for a very long time are musicians. Especially if you're a really squicked.

## Vampire Junction by S.P. Somtow

That Timmy is a vampire is really just a device to take the reader on a wild ride that manages to satirize everything from bubble gum rock to psychotherapy to characters in history while delivering a truly horrific story. Mados, a Reporter in town for an interview gets more than she bargained for at the Vampire Junction. I wanted to try to enjoy it.

Au menu : filtres vidéos grossiers appliqués sur les images pour créer des effets, interminables ébats monotones filmés sans point de vue aucune passion chez les interprètes, cadrages maladroits qui coupent les têtes, décors de chambres d'hôtel moches dans lesquelles JF n'a même pas tenté de déplacer de bouts de meubles.... I am sure that they are cast and crew members and it says a lot about this movie that so few of them actually bothered voting for it. Links will not change color when using Microsoft IE, sorry.
