Content Accuracy rating: 4 The information is unbiased. Clarity rating: 5 I believe this text has clarity appropriate to the non-major student.

FST 1

Consistency rating: 5 Yes the textbook followed the same format throughout all 667 pages. However, some images could be improved to increase clarity of concepts. Chronic disease sections can highlight risks and prevention strategies again but all the fragmentation could make it hard for students to synthesize and remember the information.

Also, when moving through the chapters, evidence of the hierarchy of material is clearly indicated through the headings and subheadings allowing readers to navigate easily throughout chapter material. This then allows me to re-visit these topics in greater detail when I discuss each nutrient. Please click here for more information on our.
