

Stackelberg leadership as a natural solution under cost uncertainty

Institute of Economics, University of Aarhus - Fisheries management as a Stackelberg Evolutionary Game: Finding an evolutionarily enlightened strategy

Description: -

-
Equilibrium (Economics) -- Mathematical models.
Uncertainty -- Mathematical models.
Cost -- Mathematical models.
Production functions (Economic theory) Stackelberg leadership as a natural solution under cost uncertainty

-
College of Aeronautics report -- no.8804
1989-13
Memo (Aarhus universitet. Økonomisk institut) ;
1989-13
Memo / Økonomisk Institut, Stackelberg leadership as a natural solution under cost uncertainty
Notes: Includes bibliographical references (p. 17-19).
This edition was published in 1989

Stackelberg versus Cournot equilibrium

Pause to move faster Anticipating tough questions at an upcoming board meeting, the CEO and CFO of a global manufacturer met to review the status of a substantial merger they had engineered about 12 months earlier.

The benefits from taking an evolutionarily enlightened approach accrues from moderating harvesting rates and increasing net size. For this reason, we assume that the manager can change both harvesting rate and net size with immediate effect and without additional costs.

Fisheries management as a Stackelberg Evolutionary Game: Finding an evolutionarily enlightened strategy

Evolutionary impact assessment: accounting for evolutionary consequences of fishing in an ecosystem approach to fisheries management.

A linear generalization of Stackelberg's model

The CFO met with plant managers, who described a pattern of project delays caused by costly reworking of product designs. Behavioural patterns behind the demise of the commons across different cultures.

Stackelberg Leadership as a Natural Solution under Cost Uncertainty.

When requesting a correction, please mention this item's handle: [RePEc:cor:louvrvp:1368](https://doi.org/10.3390/RePEc:cor:louvrvp:1368). Taken together, the five practices we have discussed here are the foundation of a mind-set that is comfortable with leading despite, and through, uncertainty.
