. This way, no matter how you prefer to learn, there's an option for you. The tradeoff is it will require more work and focus than a course that features a few bite-sized screencasts.

ui

What makes these courses different from other online courses? Go through Bonus materials, they are GREAT.

ui

In which order should I take the courses? For example, you should be comfortable with functions, arguments, loops, control flow, etc. All our courses follow the same proven structure, optimized for knowledge, not the illusion of learning.
