A model for partnering with the informal e

The UDC not only lack in resources but are immobile also. Finally, the financing of HEs is based on the nature of the HEs, therefore there is the need to also look at some ways of financing HEs in Ghana.

DETERMINANTS OF ACCESSIBILITY OF LOANS BY HOUSEHOLD ENTERPRISES IN DEVELOPING COUNTRIES: EVIDENCE FROM GHANA

Before publishing your Articles on this site, please read the following pages: 1. Foreign exchange crisis in developing countries can be checked through proper exchange control measure adopted by the government so that scarce foreign exchange resources are conserved and properly utilized. Theoretical Framework In recent times, the significance of employment has rightly been reflected more closely in the focus of economic development.

Small Scale Industries: Characteristics, Definition, Examples

It is through public education that the state can increase the effective labour supply and hence their productivity. In spite of this it has certain limitations: 1.

Impact of Employment on Economic Growth and Development

In addition, Economic Development uses various indicators to measure the progress in an economy as a whole while Economic growth uses only specific indicators like the gross domestic product, individual income, etc.

janani krishnamoorthy

We describe six key elements of this model, and illustrate it through application to the Israeli—Palestinian context we have studied in depth. However, several policy initiatives have been implemented by the government to assist HEs such as the credit guarantee scheme. Consequently, the small-scale units suffer from dearth of efficient management and poor managerial skill resulting in sickness of units.

Small Scale Industries: Characteristics, Definition, Examples

. The state has to play major role to achieve this objective.

Small Scale Industries: Characteristics, Definition, Examples

The institutional changes can be brought about by the state in the form of land reforms, improvement in the laws of inheritance, regulation and control of monopolies, regulation for the control of money market, improvement in the distribution system etc.
