## Mass by Angus Calder

Mass Observation was a quintessentially Thirties idea. In fair condition, suitable as a study copy.

## Speak for by Calder

From the central glass tower, behind blinds, a surveillant could see the immobilised inmates without himself ever being seen. Pages in great shape, no tears.

John Campbell · Kiss Count · LRB 19 April 1984

They felt not merely uncomfortable about the existence of poverty, but personally guilty about their utter ignorance of how the mass of their fellow-countrymen lived. This item may not come with CDs or additional parts including access codes for textbooks.

## Speak for yourself : a mass

Item is in good condition. The chapter on women on the other hand gives glimpses from a moment of massive change, with much reflection on the future of women in the workplace as the war ended and on equal pay for equal work.

## Speak for by Calder

Their pitch was that they emphasised qualitative over quantitative data. And it sure beats Twitter and Facebook.

## Speak for yourself : a mass

However, the attempt to expiate upper-class guilt by identifying with the poor, reinforced by an anthropological concern to document a species

which reform might threaten, could easily induce an attitude which was in effect quite apolitical, or positively conservative.

**Speak for by Calder**

He puts his hand under her left breast, and pulls her down. Facebook is a platform for whatever information we offer it.
