**The law of fire: reshaping public land policy in an era of ecology and litigation.**

The fundamental flaw of the current act is that it does not consider people.

## Solution Essays

From the deck of our boat we spot blue-footed boobies dive-bombing for fish.

## GREENIE WATCH

If the 21 cinder-block cells fill up, as they already have twice this year, the bears are airlifted by helicopter and taken north. In addition, TMT at its meeting Wednesday directed the Corps to close the surface spillway weir and modify spill at the dam, which has been an aid to juvenile fish passage. Their scientists can verify those figures, yes.
