35 incredible famous buildings to inspire you

The deconstructivist — or new-baroque — architecture forms an unusual dancing shape thanks to 99 concrete panels, each a different shape and dimension.

Building

In a hotter region, purchasing a plastic shed with UV protected technology will help to prevent fading. Image: Sxenکو Designed by famous American architect Frank Lloyd Wright in 1934, Fallingwater is quite possibly the most famous private residence in the world.

Buildings

A perfect example of Byzantine architecture, Hagia Sophia is located in Istanbul, Turkey. The distinctive postmodern style was created by architects Cesar Pelli and Achmad Murdijat, engineer DeeJay Cerico and designer Dominic Saibo under the consultancy of JC Guinto. This gothic-looking church is in Southern Colombia, the site where a woman and her daughter reportedly saw an apparition of the Virgin Mary in 1754, which made the previously deaf and mute daughter able to speak.

The Home Depot Logo

The Forbidden City is listed by UNESCO as the largest collection of preserved ancient wooden structures in the world, and had seen an average of 16 million visitors every year since 2016 — that's an average of 40,000 visitors per day. It was a big project, but with all the help it went smoothly.
