The implementation of an Activity

Nevertheless, accountants have discovered that they can improve the ways costs are assigned, such as to movies in this case, by using activity-based costing. This strategic option demanded a marked increase in fixed and indirect manufacturing costs, which raised the expectation for the development of a new assessment structure for the activities costs, aiming to understand the real costs for the new products.

Using Activity

ABC: custeio baseado em atividades. For example, if we find that a jacket requires too many costly inspections, we could
