## Human Rights Watch, Kosovo: Focus on Human Rights

For discussion of the military strategy, tactics, and conduct of the World Wars, see and. This book contains information and analysis which will not be widely seen in other publications, and we urge its urgent consideration if a wider crisis is to be averted. There should be no doubt as to the ultimate strategic objective of this historic trend.

### **Autonomy as a Strategy for Diffusing Conflict**

From the outset Huntington's thinking has been focused on the big issues of the modern world; he was always interested in applying intellectual rigor to real-life concerns. Under these conditions, militias are likely to do well in civil war and to seek to prolong the violence.

### **20th**

It does not go so far as to require autonomy for minorities, but it lays the foundation for it by recognizing community rights and the importance of identity.

### **Marketing and selling transnational 'judges' and global 'experts': building the credibility of (quasi)judicial regulation**

Dallaire believed strongly that an empowered UN force could have made a difference.
