10 Awesome Tips for Teaching Critical Thinking Skills

Everyone should read this book. You can see the authors and the social situations are American and so I wonder if this book would appeal to say Singaporean or Chinese parents in the same way.

How to Teach Children to Think Ahead

What I liked about this book is there were real stories throughout. I personally love these free templates. Modern mass production did more than increase efficiency.

Strategies Teachers Use to Help Kids Who Learn and Think Differently

Our hearts are deceitful and we are not to trust in our own understanding.

10 Awesome Tips for Teaching Critical Thinking Skills

Working as family counselors for decades and having to listen to wishy-washy people talk about their kids disrespecting them and shirking responsibilities when they have been enabling it their entire lives probably makes one accustomed to repeating oneself.
