**Social behavior : its elementary forms (Book, 1961) [mikhmon.us.to]**

VS Verlag für Sozialwissenschaften, 1972. What makes values infinitely varied is that, besides being born in men and animals, they can also be learned.

**Social behaviour : its elementary forms / by George Caspar Homans**

We believe it is confusing to do so. The Historicity Implied by the Propositions The propositions imply, if we did not know it already, that the past history of men makes a big difference to their present behavior, and not just the recent past but often the past of long ago.

**Social Behavior: Its Elementary Forms. By George Caspar Homans. New York: Harcourt, Brace and World, Inc., 1961. 404 pp. \$5.50**

Undoubtedly in one crude form or another they have been known to men for ages. The rationality proposition also embodies our stimulus proposition II , in that a man's perception of the probability that his present action will be successful is further determined by the similarity of the circumstances attending the action at present to those under which the action was successful in the past.

**Social Behavior: Its Elementary Forms (Homans, 1961)**

Flyleaf corner clipped as if to remove name. Imitation of others naturally requires some degree of observation of their behavior. The second will bring a result worth only two units, but he estimates its chance of success as one out of two.
