## Bars and Shadows: The Prison Poems of Ralph Chaplin by Ralph Chaplin

He looked about him; saw poverty, wretchedness and suffering among the workers; contrasted it with the luxury of those who owned the land and the machinery of production; studied the problem of distribution; and decided that it was possible, through the organization of the producers, to establish a more scientific, juster, more humane system of society. Ralph Hosea Chaplin 1887-1961 became a labor activist, when at the age of seven, he saw a worker shot dead during the Pullman strike in Chicago, Illinois. A book that does not look new and has been read but is in excellent condition.
