Two Hours of Experimental Mathematics—Stephen Wolfram Writings

Build a better umbrella Challenge students to engineer the best possible umbrella from various household supplies. A particle in S moves in the x direction with velocity vector u .

Two Hours of Experimental Mathematics—Stephen Wolfram Writings

} So in special relativity, the acceleration four-vector and the velocity four-vector are orthogonal. The issue is: how does one generate? Conveniently, there were some networking experts in the audience—and eventually it was determined that the USB-C connection from my fine new computer to the projector had somehow misnegotiated itself as an Ethernet connection. . . Every year at our I start out by or two—because I think live experiments are a great way to show just how accessible discovery can be if one approaches it the right way, and with the right tools.

Two Hours of Experimental Mathematics—Stephen Wolfram Writings

This time I decided to do something more related to numbers.

Two Hours of Experimental Mathematics—Stephen Wolfram Writings

Kids learn about surface tension as they engineer these bubble-blowing wands. This post contains affiliate links. .
