Internet Archaeol 9. Hunter

This publication has been commissioned by

York Archaeological Trust and prepared by Internet Archaeology to explore the electronic publication of archaeological excavation reports. The section from Petuaria to was also the final section of. This article includes a list of general , but it remains largely unverified because it lacks sufficient corresponding.

Internet Archaeol 9. Hunter

Eight major rivers can be accessed from the North Sea through the estuary: the , , , , , and. The ADS are currently working towards incorporating Persistent Digital Identifiers for people into our systems.

Heritage Gateway

The contributors wish to make it clear that the publication intentionally may not offer the full functionality that could be possible in an electronic excavation report, but all comments and suggestions are welcome.

Internet Archaeol 9. Hunter

The excavations at Welton Road are the first outside the walled settlement at Brough-on-Humber to be published, enabling archaeologists to assess the nature of suburban occupation at Brough, and allowing some conclusions to be drawn about the status of the Roman town. Yorkshire: York and the East Riding 2nd ed. .

Petuaria

This interpretation is controversial and it has been argued by some that the settlement should be understood as a military supply base. Overnight it was stolen and although the rest were safely recovered to the museum and are on display to this day, the missing first one has never been found. Cool 3 and contributions from C.

Petuaria

Part of a reconstruction of Petuaria in the Hull and East Riding Museum Archaeological excavations of the site of Petuaria were carried out in the 1930s one of the archaeologists was , and between 1958 and 1962, with occasional examinations of isolated areas since.

Heritage Gateway

For anyone travelling by boats of shallow draught, the is still a gateway into much of east of the. More information : The identification of the civitas of Petuaria with the Roman walled enclosure at Brough-on-Humber see SE 92 NW 12 has depended almost entirely on a 2nd century limestone dedication-slab found in 1937 a incorporated in the masonry of an early 4th century internal building.
