## The fragile coalition : scientists, activists, and AIDS

More than an insider's account of a pivotal scientific meeting, Wachter's re-creation of the Sixth International Conference on AIDS held in San Francisco last June is a telling commentary on the politics of the AIDS epidemic. *Journal of American College Health*.

## End AIDS Coalition

HIV transmission continues to occur among populations at higher risk, including sex workers, males that have sex with males but increasing among heterosexuals, injecting drug users, and migrants. This is the beginning of the end of the AIDS epidemic. The South Africa and Zimbabwe had values of 18.

And they were right to be afraid because of the things that they were hearing. Featuring the primary goal of educating staff and students from, it involved informing people about causes, effects, and symptoms of AIDS as well as prevention methods. In terms of direct social activism, the organization filed the world's first AIDS discrimination suit, receiving assistance from the GMHC.
