than the United States and its territories or Canada, a letter from the senior responsible medical officer in the hospital or clinical setting where you practice must be submitted with the application.

### Pediatric & Adolescent Gynecology

Unscheduled breaks should not exceed 10 minutes in length. Gynecological surgery is used most often to treat ovarian cysts and pelvic pain.

### Pediatric & Adolescent Gynecology

The same applies to those planning to take the 2021 PAG exam relative to the 2021 MOC deadline, meaning: if you pass the 2021 exam, your PAG designation will expire on December 31, 2022, unless all of the 2022 PAG MOC assignments have been completed successfully and on time.

### Pediatric and Adolescent Gynecology

Each diplomate who achieves a Focused Practice Designation in PAG must enter the PAG Focused Practiced Designation Maintenance of Certification program in the year following successful attainment of Focused Practice Designation in PAG and must successfully complete all assignments to maintain a Focused Practice Designation in PAG. We are staffed by a team of specialists, experienced nurse coordinators, and administrative support, all of whom are devoted to the goal of providing patients with the highest quality health care.

### Pediatric and Adolescent Gynecology

The process for Focused Practice Designation in PAG by ABOG is voluntary.
