The Philosophy of History: An Introduction by Mark Day

Universality, in being externalized, is at the same time made particular. But in thoughtful knowing and willing I will the universal object, the substance of actualized rationality of what is in and for itself rational. World history, the World Spirit, continues on its course.

Philosophy of History: An Introduction by William Henry Walsh

The viewpoint that adopts such merely formal perspectives presents a vast field for ingenious questions, erudite views, and striking comparisons, seemingly profound reflections and declamations, which can be the more brilliant, the more indefinite their subject is.

Hegel's "Philosophy of History": Introduction

Thus, philosophy, which is but the consciousness of that form itself, the thinking of thinking, receives the proper material for her own building already prepared from general culture.

General Introduction to the Philosophy of History by Hegel

Thus the organic individual produces itself; it makes itself actually into that which it is in itself potentially. The aim of pure old philosophy is to dispel, not to entangle in circuitous neologisms and dogmatic assertions. In philosophy we show that the Idea proceeds to its infinite antithesis.

Introduction to the Philosophy of History

The Ego, in this relation, is itself its own finiteness and comprehends itself as finite. Thus Spirit is essentially Energy; and in regard to Spirit one cannot set aside its manifestation.
