IE Assistant

Basic free version of the software offers manual scanning and removes infections after an attack. Meanwhile, Mark Zuckerberg confirms that Facebook's next product is smart Ray-Bans, and they'll be out this year. Out of the box, Adblock Plus allows non-intrusive ads in order to encourage better ads for those who want zero ads, opt out is super easy.

In addition, third-party sources are used to warn you about malicious software and other technical threats that you might encounter. Major capabilities are: viewer, editor, batch editor, page, combine, animated GIF, print, splitter, screen capture, color picker, rename, raw converter, resizing, brightness, color, or white-balance adjustment, backlight correction, frames, balloons, text, drawing pictures, cropping, filters, red eye removal and blooming. It also allows you to create a full-size scrolled screenshot of the entire page, or just the visible area and save it as JPG file.

There's some value in this IE add-on that clears surfing traces and saves Web files and images, but it doesn't seem to match the publisher's estimation. WOT simply shows website reputations as traffic lights next to search results when you use Google, Yahoo! You just check the ones you want to download. Our free scanner is what put us on the map.

IE Assistant

There are three main features: Save to Image for grabbing Web screenshots, List Resources for showing files on a Web page, and IE Sweeper to clean traces and remove browser elements, such as toolbars. Great for surfing Web pages that are updated often.
