It also has some disadvantages: 1 the text can't be searched at all as noted earlier, searching the text is far from satisfactory in Google, but, still, searches do occasionally turn up something useful , 2 the volumes are broken up into many files so that downloading a volume to your hard drive is much less feasible, and 3 perhaps the resolution of the scans is unnecessarily high, since the files are exceedingly large. THERE MIGHT BE DELAY THAN THE ESTIMATED DELIVERY DATE DUE TO COVID-19.
