Carpets are built into the floor, while rugs can be moved around. The materials and design of each are defined by functional and aesthetic uses of each. Who you would hire depends on whether you have any structural work or space planning to be done or you need someone to plan the decor only.

### Industry Overview: Furniture and Home Furnishings

Tablecloths Although they do serve to protect the table, tablecloths are examples of home textiles that are generally more decorative than functional. In fact, life would be pretty different without them. Offerings include upholstery, case goods, bedding, seating, hearth products, and fabrics.
